

KB Technologies SL PaySelectByBal

Need to select AP documents for payment by **Vendor Balance?**

The Advanced Selection function of the AP Payment Selection screen allows the user to select documents for payment based on almost any field...except Vendor Balance.

SL PaySelectByBal can do it!

With SL PaySelectByBal, Dynamics SL users can easily select documents for payment based on the related vendor's current balance. Select the Vendor Bal field in the Advanced Selection window, apply an operator (Equal, Greater Than, In, etc.), and supply a value. That's it! Easy to install. Effortless to use. A real time-saver.

| Parent | Select Field * | Operator * | Value |
|--------|----------------|--------------|-------|
| <None> | VendBal | Greater than | 0 |

Never any recurring maintenance fees! Each copy includes free technical support and updates. Upgrades require re-
